

2/9/2017

Dear Planning Staff,

We would like to request an amendment to the Cascade County Zoning Regulations to allow for the following use as a Special Use Permit application in an Agricultural Zoned area.

"Commercial propagation, boarding, grazing, or butchering of animals and fowl provided that the animals may not be stabled or processed within one (1) mile from any adjacent residences. The adjacent residences must be residences that are present prior to the date of receiving the application for this use. The operation can be used as a wholesale feed lot, meat packing plant, rendering plant, and the like."

We believe that there are many agriculturally zoned properties available that would be able to meet the needs of this type of facility in the county without affecting adjoining property owners. In addition, we do not believe there is currently enough available heavy industrial zoned property, which would be adequate to allow for this type of use.

Thank you for your consideration.

Sincerely,

wild distilling
meat packing
red rendering plant
wholesale feedlot
